

Child Sponsorship
2020

UBORA PROJECT CHILD_TZ

And whoever receives
one such child in my
name receives me.

Matthew 18:5

Project Child—TZ

“Project Child”- Changing a child’s life thru sponsorship

Project Child has brought rescue, hope and educational opportunity to over 800 children in a very impoverished area of Tanzania—one of the poorest countries in Africa. Partnering with Tanzanian Pastor Wariaeli Maphie and Perimeter Christian School in the village of Karansi, we have developed the English based Siha Leadership Academy bringing a quality primary education to the community for the first time. The amazing success of the students scoring in the top 6% of the nation is yielding true transformation to a village that had been decimated by poverty and disease, where hundreds of orphans, widows and families have previously faced a future with very little hope. ALL donations and sponsorships go directly in support of these children and widows.

QUALITY EDUCATION

SPIRITUAL INVESTMENT

Project Child is a Ministry of UboraTZ Inc WWW.UboraTZ.org

Project Child—Tanzania

PROJECT CHILD

is primarily funded through a Child Sponsorship Program for children selected to attend the SLA primary school. Graduates then attend select boarding schools for their secondary education. Siha Leadership Academy has been totally built and operated through **Project Child** including annual training of the Tanzanian staff by teachers from Perimeter Christian School in Johns Creek Georgia.

Donations are tax deductible.

Breakfast & lunch served daily to pre-school and primary students

“If you Pray – I will try”

Powerful words from a sponsored child preparing for the 4th Grade National Exam. Before Project Child, failure was largely assumed. Project Child students have had a 100% success rate!

SPONSORSHIP only \$43 per month

provides a child with life-changing benefits and opportunities:

basic health services and medicine
two meals per day
school uniforms and books
– but most importantly

an education
and a chance to be
encouraged,
loved,
valued
and guided.

In short, you'll be giving a child a future – and hope for a better tomorrow. You will also be helping that child to be connected with a local church and community, where he/she has the opportunity to develop a growing relationship with Jesus Christ.

Preschool: at 3 1/2, children are enrolled in our developmentally appropriate, learning-based preschool; unique in Tanzania!

School Age: children move up into Siha Leadership Academy for grades Pre-One through Standard 7, which is already receiving regional notoriety for its quality English education.

Secondary School: When our children graduate from 7th grade they are required to take a National Exam which will determine whether they can continue on into Secondary School. (High School) We are seeking to provide this opportunity at quality Christian boarding schools to complete the investment that we have made in the children. Average cost per Secondary School Student is approx. \$1,000 per year including full room and board as there are no quality Secondary Schools near Karansi

Secondary School Fund: Helps supplement sponsorship payments that do not fully cover Secondary School expenses. You are welcome to contribute to this Secondary School Fund at an additional \$43 per month. One time investments are also greatly appreciated.
